GUARANTEED ANALYSIS

Crude Protein, min	20.00%
Glycine, min	4.00%
Salt, min	4.00%
Salt, max	5.00%
Sodium, min	4.50%
Sodium, max	5.50%
Potassium, min	1.50%
Magnesium, min	0.04%

INGREDIENTS

Dextrose, animal plasma, sodium bicarbonate, dried whey, salt, glycine, potassium chloride, sodium citrate, yeast extract, sodium acetate, silicon dioxide, monosodium phosphate, potassium citrate, citric acid, magnesium sulfate, ascorbic acid, natural and artificial flavors, FD&C yellow #6, d-calcium pantothenate, saccharin sodium.

IMPORTANT: Follow mixing and feeding directions.

MIXING AND FEEDING DIRECTIONS

Mix entire 4 oz packet (113.3 g) of TheraCaf[®] PLUS electrolytes into 2 quarts (1892 ml) warm water. Stir to dissolve. For newly-arrived calves, feed twice daily, for three consecutive days. For scouring calves, feed 1-3 times daily depending on scours severity and degree of dehydration. Continue feeding until resolution of symptoms. Continue to feed milk replacer or whole milk.

OFFER FRESH WATER AT ALL TIMES.

The benefits of a comprehensive calf care program can result in more productive and profitable livestock.

STORAGE

For maximum stability, store the powder in a cool, dry place.

NOT FOR HUMAN CONSUMPTION.

NO PARA EL CONSUMO HUMANO.
