

A free-choice vitamin and mineral supplement for beef cattle specifically designed for reproductive success when fed 60 days pre-calving through 60 days post-breeding. Also contains HEAT to help prevent heat stress during temperatures of 70 degrees and above, or anytime cattle are grazing fescue.

AMA FERM® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to increase the energy available to the animal resulting in more milk production as well as to the ability to initiate and maintain pregnancy and fertility.

KEY SELLING POINTS

- High levels of vitamin E for tract repair, 2.5X NRC for quicker impact, and organic trace minerals for improved bioavailability.
- HEAT to support animal performance in both heat stress and fescue situations.
- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption for optimum health and performance.
- Contains garlic to deter insects.

FEEDING DIRECTIONS

Feed to beef cattle at the rate of 4 oz. per head, per day. Free-choice salt can be provided if over-consumption occurs.
